

WORKSHOPS PROVIDED BY YOUR UNION'S AFFILIATION...

11TH JUL

WORKING WITH CUSTOMERS AND SERVICE USERS WHO STAMMER
THURSDAY

11AM
30MIN

At least 1% of adults stammer, and up to 8% of children stammer for at least a while.

In this 30-minute workshop, you'll find out what stammering is, and how typical ways of working may be preventing customers and service users who stammer from using your service or organisation. We'll share useful resources and tips on easy ways you can make a difference so that you can make sure the way you work is stammer-friendly!

23RD SEP

SUPPORT FOR PARENTS WITH CHILDREN WHO STAMMER
MONDAY

7PM
45MIN

8% of children stammer for at least a while, so there are lots of families out there who know what it's like. It's really common (and normal!) for parents to feel worried about stammering, what this means for their child, and unsure how they can help.

If you have concerns about your child's stammering, there is lots of help and support out there. In this 45-minute session, we'll give an overview of what's available. That way, you can find the best resources for you and your child.

22ND OCT

UNION PROCEDURES AND STAMMERING

THURSDAY
1PM
60MIN

At least 1% of adults stammer so that's a lot of union members. But do your union procedures make it easy for people who stammer or those with other speech difficulties to get involved?

In this 60-minute workshop on International Stammering Awareness Day, you'll find out about the challenges union members who stammer face, and how your typical ways of working may be preventing them from accessing all their member benefits or from getting actively involved in the work of the union.

We'll also share useful resources and tips on easy ways you can make a difference so that you can make sure the way you work is stammer-friendly! Because these voices are worth hearing.

22ND NOV

REASONABLE ADJUSTMENTS AT WORK FOR PEOPLE WHO STAMMER
FRIDAY

1PM
60MIN

Procedures and ways of working in organisations are often set up without any thought for employees who stammer. In the UK, the Equality Act and the Disability Discrimination Act (NI) put a legal obligation on organisations to make sure they are not excluding or making working like difficult for staff who stammer. Whether you stammer yourself or work with someone who stammers, this session is full of tips and ideas. The aim is to show how workplaces can easily adapt their ways of working to ensure that employees who stammer feel welcome, can thrive and can get on with their jobs. These adaptations are called "reasonable adjustments".

In STAMMA's Employment and Training Service, we're often asked for ideas for reasonable adjustments related to stammering. So if you have concerns or questions about stammering in the workplace, this 60-minute session is for you! There'll be tips and resources on everything from interview procedures, to using the phone, intercoms or radios at work, to presentations, to meetings, to interactions with customers and colleagues, and much more.
